Corporation Employees Give 295 Pints of Blood to Red Cross Mobile Unit

It was for a son, a brother, a friend that many Sandians flocked to the Red Cross Mobile Blood Unit last week. Corporation employees gave 295 pints of blood, some of which were flown direct to Korea, in the second visit of the unit to Sandia Base.

Our employees set an admirable record in answering the Red Cross call for more blood for our fighting forces in Korea. In the face of a lagging response throughout the city, Sandians crowded into the donation center on the Base all day long.

Among the donors were many who were giving blood for the first time, but one employee, Barbara Bland, 31, reported that this was her fifth pint since she had given since the days of World War II. Others who were giving blood reported they had brothers or nephews or friends in Korea.

Arrangements for employees' donations were made by the Employee Service Department with Robert Kneton, 3125, handling the details.

Cheese Club Plans Star Turnaround

Plans for a state class tournament to be held in Albuquerque over the Labor Day week end will be announced at the next meeting of the Albuquerque Cheese Club July 25, Southern Union Gas Co, Hospitality Room, 7:30 p.m. Regular chess play will be continued and Ed Rasley, 1215, will conduct the Club's bidler play.

Club Wants Address

Has your address changed? In view of the recent change in street addresses in Albuquerque the Corporation's management has asked members to call or write in their correct addresses. These are needed in order to maintain an up to date mailing list. If your address has changed since you joined the Club the management asks that you make the correction by writing to the Secretary or by calling extension 2410 or 2448.

Adm. Hoover New Field Manager at Rocky Flats Plant

Gilbert C. Hoover, Rear Admiral Retired U.S.N., has been named Manager of the Atomic Energy Commission's new Rocky Flats plant located northwest of Denver. He has been Assistant Manager of the Manhattan District.

Bronze Stars Are Awarded by Army To Sandia Men

Three Sandia Corporation employees have been awarded Bronze Star for Army service while serving in World War II.

Pierre Reif

Robert Pierre, 234, received his citation for service while in the Rome-Arno campaign in Italy in 1944. He was a member of the 59th Engineers, infantry in Italy. Bob saw two periods of overseas service during the war both in Europe. He returned to U.S. when wounded and then went back to the front after recovery. He is now married and has been working for the company since January of this year.

William J. Reid, 234, earned his Bronze Star for valor in action against the enemy in the vicinity of Metz, France. Bill served 12 months overseas as a member of the 5th Infantry Division. He had five years of Army service during the war. He is married, has a son and has been working for Sandia Corporation since March, 1949.

Petersen

Ernest C. Peterson, 2342-1, has received mention that he has been awarded a Bronze Star for duty while serving on Borgenave on June 11, 1945. Ernest was in the 1st Infantry Division of the American Division and spent time in the South Pacific. He is married and has three children.

Sandia Heads Fraternity

Dean E. Lewis, 315, was elected president of the Albuquerque Alumni Chapter of Sigma Pi, business administration professional fraternity, at a recent organizational meeting of the club.

Other officers elected are Ed Dome, 4221, vice president; Gordon Greep, 4135, treasurer; and Rudy Walter III, 4221, correspondent.

Fish Fry-Swimming Meet on Program At Coronado Club

Tomorrow night the month for the Coronado Club will come to an end. The Coronado is not a square dance, according to W. Henderson, entertainment chairman. Instead the dance will feature popular music played by Doc Savage and his orchestra. Banner ads will be hung around the theme of the dances which will last from 9 to 1.

Next week Dr. W. R. Loveless, II, will appear at Men's Night to present a talk on his travels to areas of world interest. Free beer, popcorn and pretzels are on the menu from 8 p.m. to 11 p.m.

The last big event of the month will be a combination swimming meet and fish fry to be held Sunday the 29th. The swimming meet will get under way at 4 p.m. with prizes awarded for the best swimmers. The fish fry will start at 7 p.m. and it will cost 85c.

A joke box dance is scheduled for Saturday the 30th and a square dance for the 30th with Dupont, 234, whose dance events has announced that the square dance this month will feature the 22nd and 29th are open to all members of the Sandia Club. Any member who is not a member of the club cannot attend.

Sandians Employees' Ideas Submitted to AEC Patent Office

Since last September ideas of 52 Sandians have been submitted to the AEC Patent Office in Washington, D.C. Since that time 12 of these ideas have been identified to be submitted to examination for possible further development.

These inventions cover a wide field and many of them are of a classified nature. The AEC studies the drawings and descriptions of the new devices and advises the Laboratory if a patent application may be filed.

Other Sandians who have submitted ideas are;

The second round of the tournament will be held July 20 at 6:30. There will be six players; J. N. Gamara 5435, Emory 5436, Jack C. Miller 5431.
You Must Register to Vote

The laws of New Mexico, as elsewhere, provide that those people who wish to vote must first be registered. With November approaching and many newcomers to this state not familiar with requirements, we print here two excerpts from the law which are important.

"No person shall vote at any general, special, primary or municipal election unless registered as provided by the laws of the State of New Mexico and unless otherwise qualified as herein provided; and no ballot of any unregistered elector or political person shall be counted."

Which means that even if you did register by vote without being registered the ballot will be thrown out. But that won't happen; for if you are not registered you won't vote.

Further quoting the New Mexico Law: "Every citizen of the United States who is over the age of twenty-one (21) years and has resided in the state twelve (12) months, in the county ninety (90) days and in the precinct in which he offers to vote thirty (30) days, next preceding the election, shall be entitled to all elections for public officers and upon constitutional amendment."

You may register at the Bernalillo County Court House. You will be asked your political affiliation, but you need not state your preference. However, if you do not participate in primary elections in New Mexico, you are not considered a good American voter, remember to register. You must register before you vote.

When is a trip to the Carlsbad Caverns not a trip to the Caverns? Ask Vi McCaffrey, 4222-1 (1954), who made a three trip without ever seeing them, because she and her husband could find no motel in Carlsbad.

The recent long week end trip of Peggy Henris, AEC, to Texas, Ohio, to meet her son and daughter-in-law from Kansas.

Ralph Corbett, 4321, returned recently from a 860 mile auto and camping trip through parts of New Mexico and Arizona (including a short trip to the North Rim of the Grand Canyon). Ralph, his wife, 18-year-old daughter and mother-in-law visited one national monument, fishing spot, and forest camp ground to another, camping out most of the ten days. They visited such places as Santa Rita copper mines, Jerome, Ariz, Oak Creek Canyon, and the Southwestern Museum in Flagstaff.

THE REDWOODS of California are in the background and George and "Curley" Crisbi are in the foreground. George works in 2471-1 and his wife in 2661-4.

On July 28, Claude Gonzalez, 2472, his wife, and two weeks vacation traveling in Denver, Colo. Claude is in theNaval Reserve.

Congratulations to Keith Schroder, 2384, on the birth of a daughter on June 21. Elizabeth Helen weighed 8 pounds. The Friedmans have two daughters.

The first boy in the Don Fitch, 2331, family arrived on July 10, weighing 7 pounds 8 ounces. The Friedmans have two daughters.

On visiting friends and relatives in Smyrna, N.Y., O. F. "Shelby" Shep stopped, 2384, drove on into Car- do, Viet Nam, and his wife with two dogs is a sight- seeing.

Des Ditton, 2212, and her husband spent the Fourth of July holiday at Red Rock, fishing. She only caught "two fat fish" but she says she had a wonderful time.

A visit with relatives in Alabama and Louisiana took Mary Jean Lister, 2212, and her parents a week on the South for their vacation.

Texas, 2213, and Walt Maxun, 2212, just returned from a very enjoyable two week trip thru Colorado, Yellowstone Park, and to Salt Lake City. According to Texas it rained, snowed and hailed all the time they were in Yellowstone.

The proudest father in Albuquerque during the last three weeks was E. J. Whitmore, 2231, who with his family enjoyed a visit from his son who was on leave from the marines.

Jack Ayers, 2326, spent the week end in Denver, Colo.—mainly just to have a chance to try his new Chrysler. Says it's the fastest car on the road.

That big smile on the face of Dave Robertson, 1320, is because his family has just returned from a month vacation in Oklahoma. Dave doesn't like to hitch.

Dorothy Knuer, 1322, and her husband, Lew, 1531, spent the week end fishing and sightseeing all over the states of New Mexico and Colorado.

Spending a two week vacation with his family in Ruidoso, N.M. is R. T. Bush, 1322.

San Francisco was on the agenda for R. D. Bates, 1322-3.

Dept. 1290 enjoyed a picnic at Four Hills Ranch, June 27. Steaks were prepared by the cowboys from the ranch over a camp fire. Group singing with guitar music for the 10 guests was furnished by the cowboys.

The recent fishing trip of Eddie Burton, AEC, proved very fruitful. Eddie proudly displayed eight trout on his way to Albuquerque.

Ralph Hoebel, 2232, and son, Harold, who just arrived in the state from Korea, drove to Shafter, Calif., for their vacation. They plan to return to Albuquerque.

Mary Helen Sharkey, 2230, and family visited two former Sandia Employees, Ann and Alfred Ver- burgh in California while on vaca- tion. They then stopped in Las Vegas before winding up their motor trip traveling through Nevada and California.

There are four new home owners in 2322. Joe R. Bonaventire now hangs his hat at 401 Vermont NE. Joe Adams lives at 1335 Roma Ave. NW. and Robert Hewes got his mail at 8303 Chenango NE. Number 460 Headingly is the new property of Leon Park. Congratulations!

Roy Bus, 2232, and his family vacationed in Michigan and Vincennes. They brought their mother back to spend the summer with them.

A vacation well spent was on the program for William Weaver, 2232, and family. They took the time prior to some care and attention to his gar- den and fruit trees.

A vacation at home was enjoyed by Tom Harwell, 2232-4. Tom spent the time with his wife, Velma, and in getting acquainted with his new son. Scott Gilbert. Scott was born June 6.

A tour through the Southwest and Old Mexico was enjoyed by Eugene Power, 2232-1. and his husband during their vacation.

The Collins, Matt, 2461-2 and Bill, 4135, are motorizing to Florida next week, will be accompanied by their two children.

Huron, Tex., is the site selected for a vacation by Lyndall Carter, 2463-2.

Nancy Harline, 2460, enjoyed her recent trip to California and other points west. On the way home they stayed in Las Vegas, N. Mex.

Holly Hallisey, 4135, is vacationing in Harrington, Penn. She plans to visit relatives while there.

Leaving home at is on the vacation agenda for Frank Lorenzo, 4135-2.

The recent long holiday gave Ora Benzik, 4135, the opportunity to do some fishing at Fossato Lake. Although she didn't catch her limit, 11 nice size trout was her take home prize.

Everyone is glad to hear that Steve Grintz, 4135, is getting along fine with his recent appendicitis operation.

Rose Hainlen, 4135, and her family went to Trinidad, Colo., to visit her parents over the July 4 holidays.

ARTICLE BY Jim Gillespie.

The Sandia Bulletin is published every other Friday. Notice is given in at least one week in advance of publication date.

Telefon Ext. 25253

WILD AND WOOLLY WEST in well-known Las Vegas, Nev. provided entertainment for Mary Helen Sharkey, 2305, and son Jack. Mary Helen's husband, Master Sergeant John Sharkey, was behind the camera.

John Jensonius, 2325, visited relatives in Boston, Mass., during his recent vacation. A vacation at home was enjoyed by Tom Harwell, 2232-4. Tom spent the time with his wife, Velma, and in getting acquainted with his new son. Scott Gilbert. Scott was born June 6.

A tour through the Southwest and Old Mexico was enjoyed by Eugene Power, 2232-1. and his husband during their vacation.

ORLEANS

RELAXING from the heat in the lounge at the Coralado Club are Paul Callen, 2212, and his wife, seated in the background. The occasion was a party of Division 2312 and 2316.

After leaving here for awhile, Mar- vin Austin, 2212, filed it was well that he decided to spend his vacation sightseeing his favorite state— New Mexico.

Harold Monste, 2232, and wife enjoyed their vacation by motorizing through California, Utah, Nevada, and Colorado. On route they visited friends and relatives.

Vacation plans for Joseph Low- beit, 2234, include a trip to cool Colorado.

An Albuquerque vacation of just relaxing is on the agenda for Ben Cordova, 2214.

A visit with relatives and friends in Indianapolis will take Jim Meikle, 2211, and his family back to Indiana for their vacation.

Congratulations to Allen Pope, 341-1. Allen has been elected a Fellow Associate of the Institute of Astronautical Science.

Division 3141 was entertained on July 4 at an Al Prenos (outdoor) supper by Bob Brosky, Allan Pope and their wives.

On July 11, co-workers surprised Mil Pinler, 2382, with a birthday cake.

Congratulations to Frank Tisdon, 2212, on the birth of a son. Ronald Eugene weighed in at 10 pounds in 9.

Bex Homan, 2425, says that the recent rain on Mtainair have assured him a beautiful crop. Need much more.

Gene Romer, 3235, and his wife, Mia, welcomed Gary Russell, 7 pounds 20 ounces on July 6 Con- queror, 2212.

Barbara Banks, 3113, is spending her two week vacation in Denver, Cola. where she is visiting relatives.

OLD NEW ORLEANS was visited by Jackie Hymer, 2463, with her family this Summer. Here she is shown with her son and daugh- ter, Marj 7 and Nancy 3.
Mr. Shea Director
Of Community Chest Organization Here
T. E. Shea, Vice-President and
General Manager of Sandia Corpora-
tion, has been named to the board of
directors of the Community chest
organization in Albuquerque. Mr. Shea
fills the vacancy left when
George A. Landry, former president of
the company who had served as a
director of the Red Feather group, returned
to New York to become a Vice-President of
the Western Electric
Company. Mr. Landry had served two years
as a director of the group and had
helped guide the campaign during
those years in which Sandia Corporation
achieved an enviable record in the
drive.

Salton Sea
News
Milch Synaps, 2483, has returned
to work after a vacation in Red Bay.
Ada. He reports excellent heat all across
the country and although malaria is
present, he is glad to be back at Salton Sea.

Bud Reynolds, 5214-4, and family,
spent their vacation among the Red-
woods and have acquired National Park
Rim and did lots of fishing and believe kind
flour have been enjoyed by the
world.

Bud Reynolds, 2462, just
reports that Betty Louise Bed of
Reynolds and family arrived in Yuma,
Ariz., April 1. His fellow-workers at
Salton Sea wish them the best of luck
in their
tour of the country and although Alabama
had to work after a vacation
in that state.

PROMOTIONS

THOMAS F. MARKER has been promoted to department manager of 2470. He came to the company in 1946 from the International Telephone Telegraph Co. He worked in W. T. Federal Telephone and Telegraph laboratory at Nutt., N. J., for two and a half years as senior engineer. Before that Tom spent four and a half years in the Army. His first ten years as a junior engineer was with Union Pacific Railroad Co. He studied engineering at the University of Colorado and at the Royal Air Force Signals College, London, England.

GEORGE W. RODGERS was recently promoted supervisor of Division 5230. He joined in 1944 after two years with Washington Electric Co., Bloomfield, N. J., where he was assistant engineer in the design and development section of high powered power plant equipment. Prior to working for Washington Electric he served four years in the Army. He graduated from the University of Colorado with a Bachelor of Science degree in electrical engineering.

JOHN W. MCKIERNAN is the new supervisor of section 1262-1. He was an assistant professor in mechanical engineering at the University of Arizona for three years before coming here last year. At Iowa State John earned an M.S. in mechanical engineering. For a year he was a mechanical engineer at the Intracoastal Inland Zone as a member of the research staff. Prior to that he was employed in various capacities within the University of Arizona System.

E. LEE DEETER was recently named department manager of 5430. Before joining us in 1948 he was with the Naval Ordnance Laboratory, Washington, D. C., as a proj- ect engineer. He studied electrical engineering at the Kansas State College and Washington University and later joined the Ordinance Corps. While in the Ordinance Corps he attended the University of Missouri and the Electrical College.

CLARENCE R. MCALLISTER has been promoted to division supervisor of 5222. He started at the laboratory in 1949 following two years with the United States Navy at an oil company as operator of a seismic truck. A year of this time was spent in Egypt where he conducted a supervisory post with an oil exploration group. He is a veteran of three years in the Marine Corps and has a B.S. degree in electrical engineering from the University of Colorado.

JOSEPH G. MARSH was recently promoted to division supervisor of 2514. He came here in 1949 after studying for an M.S. in electrical engineering at the University of Maryland. Previously Joe worked for five years at the Naval Ordnance Laboratory, White Oak, Md., as an electrical engineer in the ordnance department. He graduated from the University of Wisconsin with a B.S. degree in electrical engineering.

CHARLES H. RIDDLE has been promoted to division supervisor of 5411. He came here to lot year on a leave of absence from Bell Telephone Laboratories.

Charles has worked with BTL for 25 years. For 15 of those years he worked in transmission. During World War II he was in charge of a system study group working on radar both in the States and overseas. For two and a half years he was in charge of the same system study group working on the new 80's macrocycle coaxial system for transmission of telephone circuits. Charles has a B.S. in electrical engineering and physics from California Institute of Technology.

JOSEPH M. MARSH was recently promoted to division supervisor of 2514. He came here in 1949 after studying for an M.S. in electrical engineering at the University of Maryland. Previously Joe worked for five years at the Naval Ordnance Laboratory, White Oak, Md., as an electrical engineer in the ordnance department. He graduated from the University of Wisconsin with a B.S. degree in electrical engineering.

JOSEPH G. MARSH was recently promoted to division supervisor of 2514. He came here in 1949 after studying for an M.S. in electrical engineering at the University of Maryland. Previously Joe worked for five years at the Naval Ordnance Laboratory, White Oak, Md., as an electrical engineer in the ordnance department. He graduated from the University of Wisconsin with a B.S. degree in electrical engineering.

**Golden Tan Is Style For This Summer But Be Careful You Don’t Burn Black**

The suntan vogue has changed considerably in recent years. And this is one of the most pleasant ways to protect your skin. Suntan lotion is not sticky or greasy. A suntan is practical from South to North. Limit your sun tan to the area that you want without any discomfort.

**Sympathy**

Sympathy is extended to the family of Mildred V. Powers, 67, who died recently in Alabama. Mildred is survived by her husband, Eugene; three daughters, Mrs. John J. Hender, 3043 Desert Heights, Mrs. John W. Barlow, 2825 NW, and Mrs. John D. Dugan, 3000 SW.

**Invasion of Bees**

Mr. and Mrs. J. H. Hender of 6504 Desert Heights, are being bothered by the invasion of bees. Mrs. Hender watched the bee-man wade right into the screen out the damaging part of it, according to Dave McGiboney, who arrived at the meeting. Any one wanting more information should call Dr. F. G. Hirsch, ext. 29246.

**Senators Have Slight Edge over Cubs In Second Round of Softball League**

The second round of the 1952 Sandia Corporation Softball League schedule will start at noon today. The 1300 Pirates took over 1300's record, which wasn’t too impressive. The Giants have been a good job since they take up the league, winning at least half of their games. Look for them to knock off some of the league leaders in the third round.
